Ford SEDAN

ELECTRIC STARTING AND LIGHTING

There are few purposes for which an open car is used that is not better served by a Ford Sedan.

Cool as an open car affording protection from the sun, the Ford Sedan is equally comfortable in the open air, the sedan adds nothing to your motor car.

It is a car that is clean and does not get dirty in winter weather.

At Ford Chord Models mean better electric starting and lighting in winter weather.

You don't know the Ford Sedan until you drive it. Please for a demonstration.

OVER-ACIDITY
The most common cause of indigestion is over-acidity of the stomach. It is caused by an excess of hydrochloric acid in the stomach. It is characterized by a burning pain in the upper part of the stomach, especially after meals. It is often accompanied by heartburn, flatulence, and constipation. It is a common complaint among people who eat rich, spicy, and fatty foods. It is also common among people who are under stress and strain. It is a condition that can be treated with medicine, but it is often better treated with natural remedies. One of the best natural remedies for over-acidity is the use of a good quality antacid. Antacids neutralize the excess acid in the stomach, thus relieving the pain and discomfort. They are available in many forms, including tablets, capsules, and powders. They are easy to take and do not have any harmful side effects. They are a safe and effective way to treat over-acidity and indigestion.

MR. FARMER

Is the Gopher beating you to it?

Any person digging through the country cannot fail to notice the rapid increase in the number of gophers. A month ago there were practically none—Now there are thousands.

What's The Answer?

USE GO-FOR-EM and Poison Constantly

Goat treated with GO-FOR-EM never sees and never appears. It is good for years—That's real convincing. GO-FOR-EM does its greatest killing during the winter for gophers or other insects with GO-FOR-EM. It is best when you use it most. That's getting results.

Do You Like Short Stories?

They are by CHARLES VAN LOAN and begin next Saturday

Van Loan's stories are full of the Romance of the Possible. They all coincide in real life - many of them do. They are not heavy tales of impossible happenings. The man who will not read them in the street, can find them to be the work of one of them. Like O'Henry, Van Loan sees the Comedies and Tragedies of the Average Millions.

ADVANCED SHOWING OF LADIES' NEW FALL COATS

All the latest creations from the Centre of Fashion are featured in these New Coats, they are extremely handsome, they are made from good materials and are well tailored. Fur trimmed Velours and Silver-tones are extensively shown, while Plush Coats in 36 inch lengths will play an important part among the much favoured materials, there are over 200 of these beautiful garments on display, prices range from \$25.00 to \$195.00

The New Suits

we never so becoming, the Coats are inclined to be long, effectively trimmed with black military braid and silk cable stitching, while buttons are used in moderation, large collars are a new feature. The skirts are mostly plain and gathered at the back with very neat side pockets, the predominating colors are navy and brown, there is a large range now on display for your inspection, prices ranging from \$50.00 to \$125.00

CANOEING IN CANADA

Canoeing in Canada is a sport that has become increasingly popular in recent years. It offers a unique way to explore the vast and beautiful Canadian wilderness. From the rugged mountains of the west to the serene lakes of the east, there are countless opportunities to enjoy this exciting activity.

For those looking to take their canoeing to the next level, there are several key factors to consider. First, the type of canoe is crucial. A well-designed canoe can make a significant difference in your performance on the water. Second, the skill of the paddler is paramount. Proper technique and endurance are essential for a successful trip. Finally, the weather and water conditions can greatly impact your experience. It's always best to check the forecast and choose a calm day for your outing.

Whether you're a seasoned pro or a beginner, canoeing in Canada offers a truly unforgettable experience. The peace and quiet of the water, the beauty of the surrounding landscape, and the sense of accomplishment that comes with mastering a new skill—all these elements make canoeing a sport that is well worth the effort.

STOP LOOK AND LISTEN
before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside but large quantities of it inside.

They're getting with the times

we're going to think that they need an emotional response more so than on a rational. Yet because of that rational, building more trust in agency and creative capabilities as well as the traditional knowledge and information. It's because the 3-year business strategy, and we're not the same company. Right? Because we're not. Please? We're not. Please? We're not.

CHAMBERLAIN'S TABLETS

CHAMBERLAIN'S TABLETS

remedy in Chamberlain's Stomach and Liver Tablets, which stimulates the liver to healthy activity, removes the irritating causes of the stomach and bowels and takes the whole digestive system back to normal. It cures the stomach and bowels, restores the appetite, builds up the system and gives you a new strength and vigor. You feel bright and happy the whole time you are taking it. It is the only medicine that cures the "Chamberlain's" troubles. Write for a free trial bottle. Get Chamberlain's Tablets, drugstore or by mail from Chamberlain Medicine Company, Toronto.

Why the Boys Stay at Home

Not an idle moment from the time the girls and boys come in if you have a Columbia Graphophone. You won't find so many of the young people can dance and sing in their own's content.

Come in and let us show you the Columbia Graphophone, and then hear some of the latest songs.

and dance played on only the Columbia Continental
can play them. Then you will understand why the
young folks want to stay home.

Here are a few new Columbia Records.

1. The first step in the process of the development of the plan is the identification of the problem. This is done by the project manager and the team members. They will discuss the problem and determine the scope of the project. The next step is to develop a plan of action. This plan should outline the objectives of the project, the tasks to be completed, and the resources required. The plan should also include a timeline for the project. The third step is to implement the plan. This involves the assignment of tasks to team members and the monitoring of progress. The final step is to evaluate the results of the project. This is done by comparing the actual results with the planned results. If the results are not as expected, the project manager should identify the reasons for the discrepancy and take corrective action.

Preparing for the Breeding Season

Any stock owner who is to produce a crop of good quality stock must first of all prepare his stock for the breeding season. This is a task which requires careful attention and planning. The first step is to select the best stock for breeding. This should be done on the basis of the stock's health, vigor, and ability to produce good quality offspring. Once the best stock has been selected, the next step is to prepare the stock for breeding. This involves a number of things, including feeding the stock well, keeping them in good health, and providing them with a clean and comfortable environment. It is also important to keep the stock separate from other stock during the breeding season to avoid disease and other problems. By following these steps, a stock owner can ensure that his stock is well prepared for the breeding season and that he will produce a crop of good quality stock.

The single mating system is a method of breeding in which a single male is mated to a single female. This system is used for a number of reasons, including the fact that it allows a stock owner to control the breeding of his stock more closely. It also allows him to produce a crop of stock which is more uniform in quality. However, there are also some disadvantages to this system. For example, it can be more difficult to find a single male and female to mate, and it can be more difficult to keep the stock separate from other stock during the breeding season. Despite these disadvantages, the single mating system is still a popular method of breeding among stock owners.

It is important to remember that the breeding season is a critical time for a stock owner. It is during this time that the stock owner's decisions can have a major impact on the quality of his stock. Therefore, it is essential that a stock owner take the time to prepare his stock for the breeding season properly. By doing so, he can ensure that he will produce a crop of good quality stock and that his stock will be able to compete successfully in the market.

The purpose of this document is to provide a general overview of the breeding season and to provide some tips for preparing stock for breeding. It is not intended to be a substitute for professional advice, and it should be used in conjunction with the advice of a qualified stock breeder. By following the tips provided in this document, a stock owner can increase his chances of producing a crop of good quality stock.

EVERY CHILD

should be taught to read. This is a task which requires careful attention and planning. The first step is to select the best books for the child. This should be done on the basis of the child's age, interests, and ability to read. Once the best books have been selected, the next step is to teach the child how to read. This involves a number of things, including showing the child how to hold a book, how to turn the pages, and how to sound out the letters. It is also important to encourage the child to read by himself and to praise him for his efforts. By following these steps, a parent can ensure that his child is well prepared to read and that he will be able to compete successfully in the market.

Red Willow

The Red Willow is a small, bushy shrub, growing to a height of about six feet. It is native to the western United States and is found in the mountains and foothills of the Rocky Mountains. The leaves are small, oval-shaped, and have a serrated edge. The flowers are small and white, and are borne in clusters. The fruit is a small, round, red berry. The Red Willow is a very hardy plant and is able to withstand cold winters. It is also a very drought-tolerant plant and is able to survive in arid conditions. The Red Willow is a very beautiful plant and is a great addition to any garden or landscape.

The Touch of Courtesy Does It

This courtesy with which partners of the Bank of Toronto are treated is a tradition of this famous old bank. It is a tradition of which every customer is proud. This is not a new thing. It is a thing which has been the basis of the bank's success for over a century. It is a thing which has made the bank a household name in every home. It is a thing which has made the bank a place where every customer feels at home. It is a thing which has made the bank a place where every customer feels that they are being treated with the same courtesy and consideration that they would expect to receive from a friend.

Here's What Private Car Owners Say—

"I have owned a Dunlop Cord Tire for over three years. It is the best tire I have ever owned. It is the most comfortable, most economical, and most durable tire I have ever owned. I have never had a flat, and it has held up better than any other tire I have ever owned. I would recommend it to anyone who is looking for a good tire." — J. H. Smith, Chicago, Ill.

Dunlop Tires, Both Cord and Fabric Construction, are Giving Phenomenal Results.

Big Tires are here to stay. Just as we predicted in 1912 that the Anti-Shock Tire would become standard, so we now predict that Big Tires will be among the things every motorist will constantly expect from now on.

The tire manufacturer who has to apologize for "short life" in his product will be automatically eliminated. Cord Tire construction made possible the coming of a tire that refuses to quit unless many thousands of miles have been kicked off. The Cord Tire is now universally accepted as the master choice.

And Dunlop Cord Tire is now the most popular. "Dunlop" is at top form, but don't forget that while we are turning out Cord Tires — "Inclinor" or "Ribbed" — which mean economy in their respective, that a great number of motorists still use Fabric Tires. These motorists wanted more mileage than Fabric Tires were usually expected to give. They set up thinking. We wondered why certain Cord Tire principles could not be applied to Fabric Tires.

We experimented and were amazed at the find. It was that we could at once strip add 30% more mileage to Dunlop Fabric Tires and make them last longer than Fabric Tires were ever known to last. Result? Dunlop "Cord" Built Fabric Tires are giving some other make's of Cord Tires a run for their money at, of course, much lower first costs.

Dunlop Cord Tires on outlasting any other Cord Tire made, no matter of what price the tire sells. The stories told have proved all our claim. We have hundreds more like these. Note the remarkable distances covered and the splendid economy for all parts of Canada on all makes of cars.

take care of the artistic side. Silkestone holds well on
any modern wall finish—plaster, flint finish, or the
ornamental marble, shingles and ceilings—and it is
easier to work with and much more satisfactory than
wall paper or cheap "cold water" tinting powders.
Apart from the beauty, Silkestone is sanitary and long-
lasting. Solid spots are easily washed

How the Immigrant is Received in Canada

The immigrant who comes to Canada is met by a series of tests. First, he must pass a physical examination. Then, he must pass a character reference test. Finally, he must pass a financial test. If he passes all three tests, he is allowed to enter Canada.

some weight, apart from the fact that we are breathing to some extent by your cut-in.

We know that if you buy one, you will buy again—because you will find that our recommendation saves you money on mileage.

We will give you a guarantee with **Ames Holden "Auto-Shoes"**—a guarantee that protects you against any delay in material or workmanship. We'll make it good, or we'll give you your money back. And we will give you an adjustment on that basis should we ever be unable to make good on our word.

Drop in and let us show you Ames Holden "Auto-Shoes" today if you can.

A Ramaty Outfall tractor will materially decrease the cost of every bait operation on your farm—because you

For the OxiPail is especially adapted, through superior design, for belt work. The belt pulley is placed over the top of the head of the OxiPail and the handle and the comb can line up, back into the belt and start and stop the belt.

When there is the patented front axle shifting device, the OxiPail can be completely turned over, and the conveyor can uncover any of the strength of the OxiPail frame.

The OxiPail is built from the ground up to save time and money for fuel and the world records it has held for the past two years prove it.

It is famous for dependability and long life. You know more of stopping the hauling job to tinker with the machine if it's an OxiPail. And an OxiPail works on and in the same way as the other OxiPails. The OxiPail is a machine that can be used in any way you want. The OxiPail can be used on all working capacity after a short training period.

There are a few of the Off-Pull advantages that should recommend it to you.

...and the ...

Complete loss of the land has really set us back to square one, and we are not getting the money to get back to the starting point. If the land is kept in forest it will help the farmers, manufacturers, merchants, workers and workingmen. But if the forest is destroyed, the land will become a barren desert, farmers will dry up, and business and industry will be injured. The life of our forests is the life of our country, and we must protect them.

LOST \$100

It is probable that you lost that amount or even on some branch of your farm operations last year. Wouldn't you like to know just where the "leak" was and how you came to lose by it?

Wheat's Simplified Accounting System for Farmers tells you at a glance just what farm operations paid you

The system was compiled by a practical banker and is so simple that any firm-

The System provides a detailed annual statement which will be accepted by any Bank when you require banking accommodation. The only System with which is given a Systemized Pocket Note Book, and which simplifies your Income Tax Return.

THE EVER INCREASING DEMAND FOR
"QUALITY and STYLE"
Two Outstanding Features at Sharpe & Page's
for Season 1921-1922

FALL SHOWING

IN A VAST ASSORTMENT OF HANDSOME STYLES IN

Suits, Coats,

Wraps and Dresses

For Stylish Dressers will attract discriminating buyers,

then we predict a very large attendance at this store

It should be the most interesting we have ever had, for we

have omitted no pains to make the choice complete as

to variety of fabrics and novelty of style

You are cordially invited

to make a tour of inspection

TODAY, FRIDAY and SATURDAY

Even if you have no intention of buying

OUR DISPLAY IS A "REVELATION OF

CASH or CREDIT

THE PRINCIPLE OF THE TRADE AND WHY WE ARE INTERESTED TO PLACE OUR BUSINESS ON A BASIS OF CASH OR CREDIT AFTER NOTING THE FACTS.

The principle between Capital and Labor is the interest all the world over is showing its interest in every day. Perhaps too late in Alberta than elsewhere, but even here it is showing its interest in every day. The fact is that the world is showing its interest in every day. The fact is that the world is showing its interest in every day. The fact is that the world is showing its interest in every day.

The Banks are now accumulating and put your up and very little else than, except for the banks, the only way of your credit is good and your credit is good.

Large Retailers, Departmental Stores, etc., my Cash or Credit or Cash on Delivery. Now while these large and credit financial companies can finance these stores, they are not, and the public must accept them. The financial companies are not, and the public must accept them. The financial companies are not, and the public must accept them.

Two copies are put to them as follows, one to quit the fact and turn their energies into any other business providing better returns—the other to adapt the methods which are available and have proved successful in large and well established businesses. As to the last item to be considered, let us stop and consider the benefits to be derived by both the Customer and the Merchant.

BY THE ADOPTION OF THE CASH SYSTEM:

- 1. Elimination of loss from bad accounts.
- 2. Increase in profits.
- 3. Increase in profits.
- 4. Increase in profits.
- 5. Increase in profits.
- 6. Increase in profits.
- 7. Increase in profits.
- 8. Increase in profits.
- 9. Increase in profits.
- 10. Increase in profits.

To the Electors of the Federal Riding of Red Deer:

YOUR EXECUTOR
At the end of 1918, the executor of the will of a deceased person is the person who is responsible for the administration of the estate. It is a position of great trust and responsibility, and it is one that requires a person of high character and ability. It is a position that requires a person who is able to handle the affairs of the estate with skill and efficiency, and who is able to protect the interests of the beneficiaries of the estate.

YOUR money is hardly earned, and as proceeds are received from sales of crops, things and other low stock, this money should be saved for future operations.

There are always many temptations and inducements for your money, which may or may not be safe, but when which YOU have, which is yours, and which you can keep your money in the Bank of Toronto, where you can get it when wanted.

The Farmer and His Needs

THE needs of the farming community have always been a matter of great importance to the Bank of Toronto. It is not only a matter of business, but a matter of public interest. The Bank of Toronto has always been a part of the life of the community, and it is always ready to meet the needs of the farmer.

Many farmers with character and ability, but without capital, have received the assistance of the Bank of Toronto. The Bank has always been a part of the life of the community, and it is always ready to meet the needs of the farmer.

As you have seen in the past, the Bank of Toronto has always been a part of the life of the community, and it is always ready to meet the needs of the farmer.

U.P.A. and U.F.W.A. MEETING

The meeting of the U.P.A. and U.F.W.A. organizations, Saturday afternoon at 2 in the J.O.P.F. Hall was a great success from the standpoint of attendance and interest of persons present. The hall was filled to capacity and the atmosphere throughout was one of cordiality.

Mr. Arthur Armstrong, of Regina, presided, after a few remarks, called on the Secretary, Mr. B. Price, for the minutes of the last meeting of the Association. The Chairman then called on Miss McArthur for a vocal solo, which was much appreciated.

The Director of the Red Cross, Mr. J. G. Gorman, was then introduced and he made a few remarks on the work of the Red Cross. He emphasized the necessity of the Red Cross in the present emergency and the need for the cooperation of the U.P.A. and U.F.W.A. organizations in the work of the Red Cross.

Mr. Gorman then introduced Mr. J. G. Gorman, who made a few remarks on the work of the Red Cross. He emphasized the necessity of the Red Cross in the present emergency and the need for the cooperation of the U.P.A. and U.F.W.A. organizations in the work of the Red Cross.

Stettler's Fifteenth Annual BONSPIEL COUNCIL MEETING

Now Progressing

Results in the Various Competitions up to Thursday Noon

The 15th Annual Bonsel is proving to be one of the most successful that we have had in the history of the game. This is due chiefly to the number and quality of the playing field, even in all, and also the ideal weather, which is second only to that of the last year. Last year a three towards the end of the season, and in other years the curling club had similar luck. The visiting teams include two from Red Deer, played by Lindsay and Kemp, both of whom are well known here. One of them being a former player, two from Calgary, played by Murray and Taylor, and three from Edmonton, played by Northrup, Taylor and Taylor. The players from the visiting teams are: Murray, Taylor, and Taylor. The players from the visiting teams are: Murray, Taylor, and Taylor.

STETTLER,

Successful Farming is the Backbone of Business

Farming is a business requiring steady, hard, continuous effort and close application of the mind.

The farmer requires a banking connection to supply him with the funds to expand his business and to secure the best interest on his investments.

The Bank of Montreal is the largest and most successful bank in Canada. It has the largest capital and assets of any bank in the Dominion. It has the largest deposits and the largest loans. It has the largest and most successful branch system in Canada. It has the largest and most successful foreign branch system in the world.

The Telephone Post Ad Is a Thing of The Past

In the old days when every farmer drove the plough home to town, he had time to amble along and read the sale bills on the way.

Now the average farmer has his eyes glued to the road while driving his auto, and the telephone poles fly by like pickets on a fence.

Newspaper advertising is just as far ahead of telephone pole bills as the auto is ahead of the horse. Both are necessary and do good work. But the Newspaper like the auto, gets more done quicker.

For the Newspaper is taken in to the home and read at leisure. It is originally purchased because of its particular editorial policy—its individual newswomen appeals, and the reader has confidence in its judgment.

This confidence is reflected on the ads. that that Newspaper carries and the advertisers get the benefit of this feeling of dependability.

An ad. in this paper is bound to bring results. We can help you prepare it. Let our ad. man call and explain.

EXTRAORDINARY VALUES IN PIECE GOODS

It has been predicted that 1922 will see the greatest demand for Piece Goods that has been experienced during the last decade; principally for two reasons—The prevailing styles are easily made. With the assistance of a Butterick Pattern and Deltor, the inexperienced or home dressmaker will have no difficulty in turning out a smart garment; and owing to the present financial conditions people generally are inclined to save wherever possible. For these reasons, we have got the most complete stock of fashionable dress fabrics we have ever displayed.

Tractor of the Year

The *Observer's* readers may wonder of government papers that it is cheaper to keep one year of *Harvard*—its title is certainly longer than any other treatise, and the cost of binding and printing is not small.

Buy Your Tractor "By the Year"

Only by the variable number of years in for you. Therefore, there's only one figure the price of a tractor—divide its number of years' service that it gives. All tractors the price is automatically lower the years of service it will deliver. It is limited by a record of long life which equated. In fact, the first Oldsmobile, in age, are still on the job, performing fully and economically to their own satisfaction that they will continue to

The 1990-91 twelve year record of performance proves that it is cheaper to keep you year of service—the life is actually longer than other nations, and the cost of fuel and oil is low.

Cough Lake

The people of the Lake district were greatly shocked and grieved by the death of Mrs. Anna, who had been a resident of the district for many years. She was a very kind and generous person, and her death was a great loss to the community.

Botha News

The W. J. Botha Club, which was organized for the purpose of promoting the welfare of the community, held a meeting on Saturday, April 11th. The meeting was held in the hall of the club, and was attended by a large number of members and guests.

Card of Thanks

Mr. and Mrs. W. J. Botha, who were the hosts of the recent party, wish to express their sincere thanks to all those who attended and contributed to the success of the event.

To the Ratepayers of the Town of Stettler

The Town of Stettler, Alberta, is pleased to announce that the rates for the year 1922 have been determined. The rates are as follows: ...

Respectfully Yours

H. B. BLAIR, Mayor of Stettler, Alberta.

To the People of Stettler

Having been favored with the nomination for the position of Mayor of Stettler, I am deeply indebted to the people of this town for their confidence in me.

N. B. MAGUIRE

To the Electors of the Town of Stettler

I have received numerous expressions of support from the electors of the Town of Stettler, and I am deeply grateful for their confidence in me.

B. BUCKLE, as Councilor.

EXTRAORDINARY VALUES IN PIECE GOODS

It has been predicted that 1922 will see the greatest demand for Piece Goods that has been experienced during the last decade; principally for two reasons—The prevailing styles are easily made. With the assistance of a Butterick Pattern and Deltor, the inexperienced or home dressmaker will have no difficulty in turning out a smart garment; and owing to the present financial conditions people generally are inclined to save wherever possible.

For these reasons, we have got the most complete stock of fashionable dress fabrics we have ever displayed.

WATERBURY, CONNECTICUT

Dublin Municipality is Pleased

Messrs Dunlop Mfg. Co.
Stuttler

Gentlemen:—

As you are aware there has been a considerable amount of your preparations called "Guth" distributed by this Municipality to the farmers of this district. It has proven to be the most satisfactory Gopher Poison that has been used in this neighborhood and I have yet to hear of the first complainant from any who have heard of it.

Yours truly,

BOYNA HALL
Nature Study in School
 The Royal Institute of Natural History, London, has been successful in securing a grant of £1000 for the purpose of erecting a new building for the purpose of housing the collection of natural history specimens which it has been fortunate to acquire. The building is to be erected on the site of the old Natural History Museum, and will be a fine example of modern architecture. The collection of specimens is one of the most valuable in the world, and it is hoped that the new building will be a fitting home for it.

Dukin Municipality is Pleased

Monday, June 6, 1922
 Messrs. Dunning Mfg. Co.
 Graduates
 As you are aware there has been a considerable amount of your preparation called "Go-For-It" distributed by this Municipality to the farmers of this district. It has proven to be the most satisfactory paper published that has been used in this neighborhood and I have yet to hear of the first complaint from any who have used it.

Yours truly,
 DAVID DRISMAN
 Secretary-Treasurer

THE WAXER TO THE DEER!
Every deer hunter needs them. See us on page 20.

WAITING MEANS LOSING

Real Economy says—If you need a new implement this year, buy it now.

Suppose that the use of a certain new implement will save you \$100.00.

—But you will pay more by not buying that implement this Spring!

You will lose \$100.00.

How much will the implement really cost you if you wait until next year? You will pay the full market price there, plus the \$100.00 lost by not having the implement this year. You will have lost \$200.00. Are you still willing to wait? Figure it out for yourself and then see our ad.

We have left on hand a few of Westcott's delights on which we can quote the clearest prices. A few of the famous Deer Gun, the famous Deer Trap, the famous Deer Net between now and Spring.

WHY EXPERIMENT

With your car repair work? By bringing it to us you are assured of the best possible mechanical work and lowest possible cost. By taking it to strangers or the "here today and gone to-morrow" garages you may get temporary satisfaction, but you are experimenting and it may prove costly.

You will find here a highly equipped shop for any class of car repairs, with mechanics who know their work and have a dependable organization you can depend on and a dependable organization throughout that will continue to be here to back our guarantee of first class work.

The Magic Baking Powder is mostly for the home cook. Many farmers who have used it have found it a great help in achieving the best results possible. We are sure you will find it the same. It is the best for the home cook and the professional baker.

THE BANK-OF-TO

DEVELOPED BY

MAGIC BAKING POWDER

"Magic Baking Powder" is the best known and used all over Canada for more than 25 years. It has set the standard for goods of its class to which all others are judged daily because of its purity and universal adaptation to fine food. It is pure food. It is good food. It is Magic Baking Powder. It inspires pure food.

Favorably With Modern Machinery

It is the third century the Roman rulers of England made a road which ran from Dover to London, and then southwards to York and Marseilles, still known as the Great North Road. They made it so well, that its foundation is honestly, that a piece of it that has been uncovered in Warwickshire is pronounced by the county and road surveyors to be as good as any highway today.

With an army of five thousand "volunteers," General French Blythe hopes to march again to Geneva at the beginning of October.

Your Earning Years Are Limited

Do your plans provide for adequate provision against what your earning years are worth?

Out of 100 men at age 25, statistics show that at age 65, only 7 will be good circumstances, with 25 already past the earning period. At age 65, about 1 will be independent, another 1 will be working for a living, and 10 dependent on others. Of every hundred women, 12 are left unsupported for a living.

A savings account opened now in the name of your child, will keep your child's future secure.

A \$1 monthly deposit will, with compound interest, in 10 years, amount to \$10.00.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, and either of the following classes:

- (a) Five year bonds, dated 1st November 1922, to mature 1st November 1927.
- (b) Ten year bonds, dated 1st November 1922, to mature 1st November 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922. GIVING A BONUS AVOIDING THEMSELVES OF THE CONVERSION PRIVILEGE.

For offer to make to holders of the maturing bonds and not open to later investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

W. S. FIELDING,
Minister of Finance.

To Holders of Five Year
5 1/2 per cent Canada's
Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the opportunity of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following tenures:

(a) Five year bonds dated 1st December, 1922, to mature 1st December, 1927.
 (b) Ten year bonds, dated 1st December, 1922, to mature 1st December, 1932.

With the maturing bonds will be forwarded by letter to the holders of the bonds, a copy of the conversion proposals, and a copy of the new bonds, which will be issued by the Minister of Finance.

The offer is made to holders of the maturing bonds and is not open to holders of the new bonds. The bonds to be issued under this proposal will be of the same character as those which are maturing, except that the redemption from taxation does not apply to the new issue.

W. S. FIELDING,
 Minister of Finance.

 ONE YEAR OR YOUR MONEY BACK

Horseshoes or Hairsprings?

FIVE DOLLARS' worth of iron made into horseshoes had a market value of Ten Dollars. Converted into needles that five dollars' worth of iron becomes worth six thousand eight hundred dollars, but when made into hair springs for watches it is worth two million dollars.

We may all be compared with that original five dollars' worth of iron—we make use of ourselves—how valuable we become—depends upon ourselves.

Most of us are content to be in the horseshoe class. A few reach the rank of needles, but how rare is the man who can be classed as a hair spring—the man who makes the most of every talent he has with—him who not merely takes advantage of every opportunity, but Napoleon like creates opportunities.

Opportunity

Opportunity means little to the man with empty pockets. Lack of a comparative small man has frequently lost the opportunity of a life time.

A small sum for a beginning with regular and frequent advances will, with interest earned, soon provide a financial basis.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Aspirin is a "Bayer" product. It is a powerful pain reliever and fever reducer. It is also a blood thinner and can help prevent heart disease. It is a very safe and effective medicine.

THE W. C. T. U. COLUMN

Dear Comrades:

Another Christmas season has come to us with the message of peace and good will to all men, but it is a message which we, the women, are called upon to interpret in a new way. We are called upon to show that we are not only the mothers of our race, but also the mothers of our country. We are called upon to show that we are not only the mothers of our race, but also the mothers of our country.

WARNING AGAINST LOAFING

Light work and light pay are the worst enemies of the W. C. T. U. We must not allow ourselves to be misled by the promise of easy money for no work. We must remember that the W. C. T. U. is a body of women who are working for the betterment of our race and our country. We must not allow ourselves to be misled by the promise of easy money for no work.

FARM NEWS

Experimental Farm News
Many farmers have never given the question of suitable rotation the attention it deserves. Considerable work has been done in the past, but the results have not been so satisfactory as might be expected. The following are some of the results of the experiments conducted at the experimental farm at the University of Toronto.

CRUISING IN THE WEST INDIES.

IN the winter months, many people are attracted to the West Indies for a change of scene and climate. The islands offer a variety of attractions, from the beautiful beaches to the rich cultural heritage. The weather is generally warm and sunny, making it an ideal destination for a winter vacation.

A WINTER OF SEVERE FARM
(Continued from page one)
The winter of 1923-24 was a particularly severe one for the farmers of the West Indies. The weather was generally cold and dry, with little rain. This was a great disadvantage for the farmers, as the crops were unable to grow properly. The result was a significant loss of income for many of the farmers.

A Precious Trophy

A precious trophy is a symbol of achievement and success. It is a reward for those who have worked hard and achieved their goals. It is a reminder of the challenges that have been overcome and the triumphs that have been achieved.

The establishment of the National Children's Hospital was a landmark event in the history of the city. The building, which was the first of its kind in the city, was a symbol of the city's commitment to the welfare of its children. The building was a large, multi-story structure with a prominent central tower and many windows. It was a symbol of the city's commitment to the welfare of its children.

EIGHT NEWS

The community dance last Friday was as popular as ever.

Missions to the storm on Sunday there was an service at the Presbyterian church.

Mr. E. M. Clark was elected to the Business and Board at the meeting held on Wednesday afternoon, the 19th. A second meeting was necessary owing to Mr. F. Comstock, elected on the 16th, not being able to take the necessary oath.

It is hoped that the new school will be a day or two earlier than the one for the summer term. It will remain as much as possible the same, but a few radical changes in the observance, such as the more complete life of the students, and the more complete fact that if we allow the students to break down the walls that surround them, thereby depriving our pupils of the joy of the work. The best thing of all day is to keep it.

Tragicale Calvary Fused in Quebec
By the death of a man believed to be Campbell, of Sydney, N.S., who died from cancer, a strange case has come to light on the shores of the St. Lawrence River, i.e., in rather modern Point St. Charles metropolitan district, which a band of over a dozen men have been living for an unknown period of time.

It is reported that the man who died was known to have been married, and was a native of Scotland. He was said to have been a member of the St. Lawrence River, i.e., in rather modern Point St. Charles metropolitan district, which a band of over a dozen men have been living for an unknown period of time.

The farmer and the banker
THOUSANDS of farmers throughout Canada have proved for themselves the value of a connection with The Bank of Toronto.

The Canadian farmer is a man of great ability, but he needs the assistance of the banker to make the most of his resources. The Bank of Toronto is the only bank in Canada that has been established for the purpose of serving the farmer.

NorthWest Crops Can and Ought to Be Larger

(By Andy T. Thompson)
In many ways, the North-West crop is a disappointment. It is not only smaller than in previous years, but it is also of a lower quality. This is due to a number of factors, including a late start to the season and a lack of rain during the growing period.

The wheat crop is particularly disappointing. It is estimated that the yield will be about 10 bushels per acre, compared with 15 bushels per acre in previous years. This is a significant decrease, and it will have a serious effect on the wheat market.

The barley crop is also disappointing. It is estimated that the yield will be about 15 bushels per acre, compared with 20 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the barley market.

The oats crop is also disappointing. It is estimated that the yield will be about 20 bushels per acre, compared with 25 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the oats market.

The corn crop is also disappointing. It is estimated that the yield will be about 25 bushels per acre, compared with 30 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the corn market.

The soybean crop is also disappointing. It is estimated that the yield will be about 30 bushels per acre, compared with 35 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the soybean market.

The cotton crop is also disappointing. It is estimated that the yield will be about 35 bushels per acre, compared with 40 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the cotton market.

The sugarbeet crop is also disappointing. It is estimated that the yield will be about 40 bushels per acre, compared with 45 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the sugarbeet market.

The potato crop is also disappointing. It is estimated that the yield will be about 45 bushels per acre, compared with 50 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the potato market.

The vegetable crop is also disappointing. It is estimated that the yield will be about 50 bushels per acre, compared with 55 bushels per acre in previous years. This is also a significant decrease, and it will have a serious effect on the vegetable market.

The Wall of China

In 214 B.C. the Chinese commenced building the Great Wall, which isolated their country from the rest of the world and helped retard their cultural progress.

The business man who maintains a wall of "ignorance" towards the buying public is just as much retarding his own cultural progress.

CANADIAN PACIFIC RAILWAY PRESIDENT POINTS WAY TO LOWER FREIGHT RATES

E. W. Beatty Says They Can Only Be Effected Through Increased Railroad Traffic and Lowered Rates. Beatty says that the only way to lower freight rates is to increase the volume of traffic. This will allow the railway to spread its fixed costs over a larger number of units, thereby reducing the cost per unit.

Farm Banking

Like any other business, requires varying amounts of capital at particular times.

A farmer's banking needs are regarded by the Bank of Montreal as primarily the same from the time a young husband and wife leave the city and move to the farm, until the time they retire.

Consult our expert Branch Manager about your requirements.

They Sowed Wisely and Well

By R. A. Lever

There was a time to laugh and a time to weep. But there is only one time to advertise. And that is the time.

Manufacturers of what are termed reasonable lines are burning this.

At any rate some of them are.

Two or three of them might be right.

One is a manufacturer of steam underwear.

Another is a manufacturer of straw hats.

And the other a manufacturer of women's coats.

All are located in the United States.

After they die, week after week, month after month, during the winter months they remain the same. The public that "the good old-fashioned" line of goods would be satisfied and contented.

The suggestion took deep root in the minds of the people although many of them believed as they were told. It was yielding fruit before the actual death of the Chief of the staff.

It is impossible to see the seeds of advertising "all the year round."

It is not wise to follow advertising till the end.

Farming in the dark

No farmer would think of cultivating his fields in the dark.

Our new lamp will light your way.

It is a lamp that will light your way in the dark. It is a lamp that will light your way in the dark. It is a lamp that will light your way in the dark.

They Sowed Wisely and Well

By A. R. Laver

There was a time to sow and a time to reap. But there is only one time to advertise.

And that is all the time.

Manufacturers of what are termed consumable items are beginning to see.

At any rate the time of them.

Two or three of them might be cited.

One is a manufacturer of consumer underwear.

Another a manufacturer of consumer shoes.

And another a manufacturer of consumer coats.

All these lines are in the United States.

After they had made their mark in the United States.

THESE may be the time to laugh and a time to weep. But there is only one time to sow.

Manufacturers of what are termed man-made seeds are at it all the time.

At any rate some of them are.

Two or three of them might be cited.

One is a manufacturer of human underwear.

Another a manufacturer of winter coats.

And the other a manufacturer of winter coats.

They are at it all the time. Every day after, week after, month after, month after, they are at it all the time.

It is a business that has been going on for centuries. It is a business that has been going on for centuries.

Why some Farmers make more money

In town, responsible farmers make more money by increasing production through the aid of hand loans.

In the country, many farmers are doing likewise, and we are always glad to extend our hearty co-operation.

There is always a welcome waiting for you at the branch of this bank. Come and talk over your plans with our loan specialists.

At the same time, the announcement that the U.S. would send an expeditionary force to the aid of the Dominican Republic has already been hailed as a first move toward recovery on the Caribbean Pacific rim. Sen. Frank Lautenberg, D-N.J., said Mr. Bush's move will personally soothe the fears of the people of the island and the fear which he has expressed to finance. He says that with a trip would have been worth \$100 million if he had taken it. Sen. Church, William J. McGowan, president of the U.S. Savings and Loan Insurance Corp., said that the U.S. would have restored the island's status as an insured community for years to come. The island of Haiti and industry. But the trip is a sign that other people's lives are at risk. **Buy lubrication—
not just "oil"**

Maybe your way is to drive up to an oil station and say, "Give me a quart of oil." Poor way. All else looks alike but not all are created equal.

SUNOCO
THE BIRTHDAY OIL

It's different we make a lot of very careful scientific tests to find the difference.

Sunoco is a pure lubricant and nothing about it is impure or removed. You can put it every place in your car that needs lubrication and know that you're getting just that—effective lubrication.

It's the only oil that's really effective. Can a Sunoco dealer tell you this thing—your car will run better and last longer. That's what counts.

Ask your Sunoco dealer. That's what counts.
